### Local Brevities.

A marriage license was issued yesterday to Gustav Schwarz and Ann Nuffer.

County Superintendent of Schools, Lyman was not at his office yesterday. A note on the door written from Gearhart stated that he would return on Monday.

The game of base ball played Friday at Fort Stevens between the home team and Port Canby resulted in favor of the former by a score of 10 to 3. The batteries were: Stevens, Moore and Smith; Canby, Otto Ford and Ferguson.

The witnesses subpoenaed in the Smith trial have been discharged from further duty, and the taxpayers of Clatsop county are no longer paying per diem in that direction. By entering a voluntary plea of guilty Lane saves the county about \$500.

The North Pacific Brewing Company's base ball team will meet the Cathlamet boys on the A. F. C. grounds this afternoon, and it will be a fight to a finish. The visitors defeated the locals last Sunday just at a time when defeat ought to have been impossible.

William Chance yesterday received a warrant for his first month's pension as a veteran of the Indian war. He served three months campaigning against the obstreperous redskins, being located at Ureka, Cal., during the year 1852. Mr. Chance is probably the first Astorian to receive the benefit of the Indian war pension act passed by congress June 24, 1902.

The principal attraction at the Unique theater this week will be a burlesque minstrel show, which promises to be rollickingly funny. Besides a whole volume of fun and laughter there will be a quartette, and all the performers in the show will do a specialty act. The illustrated song for the week will be "He laid away a suit of gray to wear a suit of blue." There will be new pictures on the vitagraph, and the entire show will undergo a marked change.

The motion to dissolve the restraining in the suit of the O. R. & N. against James W. Welch was not argued yesterday, the time set by Judge McBride. Owing to the trial of Josiah S. Smith, which consumed the greater portion of the day, the attorneys on each side of the case agreed to argue the matter later at Portland, when Judge McBride will have more time. Meantime, however, the defendant is restrained from proceeding with the work of pile driving on the disputed ground.

The board of equalization, composed of the city surveyor, street superintendent and committee on ways and means, met yesterday for the purpose of equalizing the assessments made for certain improvements, but as no objections had been filed the assessments will stand. The improvements included the Eleventh street drain and the improvement of Fifteenth street; Fourth, from Astor to Bond; Seventh, Bond to Duane; Jerome, Fourteenth to Duane.

The case against Harry Miller, charged on complaint of Amella Anton a woman of the lower end of the city, with entering her room and dismissed by Justice Goodman yesterday. After hearing the testimony in the case the court decided that there was a shadow of a doubt in favor of the defendant, who pleaded that he had to pass through her room in order to reach his own. The court was also convinced that there was no intent to commit burglary, and let Miller go, cautioning him to be more careful in the future.

The Astoria base ball club will journey to Ilwaco this morning to cross bats and measure strides with the diamond talent there. When last the two teams met it was to the chagrin of the Ilwaco boys, inasmuch as they contributed another victory to the record of the Astorians. The team will leave about 7:30 or 8 o'clock with "The Jolly Neighbors," and the lineup will be about as follows: Abercrombie, 1st base; Regan, ss; Stockton, 2d b; Graham, 2d b; Halderman, c; Grant, rf; Knutson, lf; Trullinger, c; C. Halderman, p.

This afternoon at 2 o'clock the members of Astoria Aerie No. 11, F. O. E. will meet in K. of P. hall in regular session, after which a social session will be held. There will be a program of music, songs and recitations, followed by the presentation of appropriate gifts to Past President J. N. Laws and

If you want the purest and best ice cream you'll have to see Tagg. 15 cents a pint.

Trustee James Hannaford, the new city plumbing inspector. Herman Wise will make the presentation speech and there will be other features of interest on the program. Several new candidates will shake hands with the goat preparatory to being received in the order.

Hon. David Dunne collector of internal revenue with headquarters at Portland, was in the city yesterday. Mr. Dunne has always been recognized as a staunch friend of Astoria, and yesterday he stated that there is no other city in the state that can make a better showing than this city. He viewed the new Hume mill and was delighted with the splendid plant that will grace Tongue point when that structure is finished. He said: "A few more mills like that in Astoria, and nothing in the world can stop you from reaching the top of the ladder. The city is well adapted for all such enterprises, and I notice that it is making quite a showing as a lumber manufacturing point. I like to see this because it shows how interested and ambitious the people are."

#### FOR THE WOMEN.

At Valparaiso all the conductors on trolley cars are women.

Every woman likes to be told that she is beautiful and charming.

A woman who is fond of finery seldom knows the beauty of nature.

Munich is a city of over half a million inhabitants and has only one high school for girls.

Woman suffrage holds four states in the west—Wyoming, Idaho, Colorado and Utah.

A woman need never fear that her husband is drifting away as long as she can get him to button her waist down the back.

Seventy-seven per cent of the women and but 62 per cent of the men taking civil service examinations are able to pass them.

There is a vague suspicion that the hairpinless girl has been one of the inevitable results of the popularity of the horseless carriage.

Life is bitter if you say it is. Smile a little and watch the picture change. It all remains with yourself and the thoughts that aren't misfits.

Practice saying the things that are worth saying. If you have a quick wit don't employ it making jokes at the expense of someone else.

Manila used to seem an awful long way off, but with the new cable in operation it will be just the same as next door—with some tariff restrictions.

Marriages average 3,000 per day in the whole world. Of 1,000 men who marry, 332 marry younger women; 570 marry women of the same age, and 98 older women.

Census returns just issued show a singular record for Buckinghamshire, England. The number of unmarried women 57,928, is precisely the same as the number of bachelors.

Love is delicate: "love is hurt with far and fret;" and you might as well expect a violin to remain in tune if roughly used as love to survive if chilled or driven into itself.

Almost every kind of material used this summer is being made up in the new sun-pleated effects. The suggestion of rays is brought out both in skirt and blouse. It is frequently carried over to the sleeves.

Half the ailing women in the world are ailing because they don't know how to breathe and eat and live or because they are lazy. Ch-uh! They're so list less like—that's the way they say it, too, all in a breath.

An excellent lotion for whitening the hands is made by combining two ounces of lemon juice, two ounces of bay rum and two ounces of glycerine. Apply after bathing the hands and before wiping them on the towel.

Mrs. Harriet Lane Johnson, niece of President Buchanan, is dead. She was a very brilliant woman. She was hostess at the white house during the Prince of Wales, now king of England, visit to the United States. King Edward honored her as his guest at the recent coronation.

Mrs. Pannle Bullock Workman, of Worcester, Mass., is generally conceded to be the world's greatest and most daring traveler, mountaineer, and explorer. She broke all climbing records in the Himalayas by making an ascent of Loongma glacier. No other woman has ever put foot on this glacier, and the only white man who has visited it was the great English climber, Sir W. Martin Conway.

#### HISTORIC TAVERN BURNED

House Where Washington Lodged Destroyed.

New York, July 15.—After standing as a hostelry about 140 years, the Lodi hotel at Kearney, N. J., has been destroyed by fire. Generals Washington and LaFayette are counted among the historical personages who put up at the old tavern. They passed a night there shortly before the battle of Monmouth. Early in its history its location made it a safe resort for the sporting element and it was a noted place for all kinds of sport. In more recent years the Lodi hotel was a gathering place for the English and Scotch sportsmen interested in quiting and dog racing. It was the place where the latter sport began in this country. Another quailing company which made the old house prominent was the trap shooters of the latter half of the last century.

#### CHINESE TO PROTEST

Honolulu, July 15.—(By Pacific cable)—It has been announced that the Chinese here will hold a mass meeting to make emphatic protest against their exclusion from the United States. They will ask their government to enact tariff regulations against American goods as a matter of retaliation if the immigration restrictions are not removed.

#### DRINK, MURDER, SUICIDE

Duluth, Minn., July 17.—Samuel Svensk, proprietor of a restaurant, came home intoxicated early today and became angered at his wife for upbraiding him, shot and fatally wounded her. He then shot and killed himself.

The queen of Roumania has paid the pianiste Mme. Bertha Marx the compliment of sending her a fan painted by herself, on which she has also inscribed in French the following words: "When God in his goodness sends us joys eternal and ineffable, he knows how to choose his messengers." Carmen Sylva Elizabeth.

#### COME ON BOYS.

Albert Dunbar has hit upon a good idea. The vote for regatta queen is lagging. Why not wake the people up by offering them a chance to vote? It will not cost much and will please customers. Mr. Dunbar has started the ball a-rolling. I follow suit, and will also give 10 free votes with every dollar purchase. Who will be next? Come on boys. HERMAN WISE. 4-3-t.
